--7. A method of recording still picture data and still picture group management information for managing and N still picture data as a still picture group onto a storage medium, where said N is an integer number equal to or greater than one, comprising the steps of:

recording a first recording time at which the still picture data in said still picture group was recorded first and a last recording time at which the still picture data in said still picture group was recorded last in said still picture group management information.--

IN THE ABSTRACT OF THE DISCLOSURE:

Please amend the abstract as follows:

ABSTRACT OF THE DISCLOSURE

B34
cont

A method and apparatus for recording still picture data and still picture group management information for managing N still picture data as a still picture group onto a storage medium, N being an integer number equal to or larger than one. The still picture group management information includes a first recording time at which the still picture data in the still picture group was recorded first and a last recording
